The system of the study results assessment	
The system of assessment of the formed competencies takes into account the types of classes, which include lectures, seminars, practical classes, as well as independent work. Assessment of the formed competencies of students is carried out according to the accumulative 100-point system. Current control, which is carried out during the semester during practical (seminar) classes and independent work is assessed by the sum of points scored. The maximum possible number of points for the current and final control during the semester – 100 and the minimum possible number of points – 60.	

Current control consists of the types of study: express tests, presentations on the topics; writing the essay, current written tests.

More detailed information is in the Working plan.

Policies of the academic discipline

The teaching of the discipline is based on the principles of academic integrity. Violations of academic integrity include: academic plagiarism, fabrication, falsification, write-off, deception, bribery, and biased evaluation. For violation of academic integrity, students are brought to the following academic responsibility: re-assessment of the relevant type of educational work
