Material and technical support (software) of the discipline
Applicants should have free internet access and be registered on the PNS university web-site

Course page on the Moodle platform (personal training system).	*https://pns.hneu.edu.ua/*

Assessment system of learning outcomes

The system of assessment of the competences which applicants have possessed covers lectures, practical lessons, performance of independent work. Evaluation is carried out on the basis of a cumulative 100-point system. Final / semester control of knowledge and competencies of applicants in the discipline is carried out in the form of differentiated semester test, the goal of which is to test the applicant's understanding of the program material as a whole, logic and relationships between individual sections, ability to creatively use accumulated knowledge. problems of academic discipline, etc.   It should be considered the tested one if the sum of points obtained by the final / semester test of success is equal to or exceeds 60. The total result for semester is as follows: "60 and more points is pass", "59 and less is not pass".   More detailed information on assessment is given in the technological card of the discipline.

The policy of academic integrity.

The teaching of the discipline is based on the principles of academic integrity. Violations of academic integrity are: academic plagiarism, self-plagiarism, fabrication, falsification, write-off. For violation of academic integrity, students may be held liable for the following academic liability: re-assessment (test, exam, etc.); re-passing the relevant educational component of the educational program.

Class omission policy.

Students must attend lectures and practical (seminar) classes. The student's absence from class can be justified by a good reason. Important reasons for absence are: illness, participation in the All-Ukrainian Student Olympiad, All-Ukrainian competition of student research papers or any other event that can be attributed to activities that promote student development and improve the image of the university (faculty).

Policy on the implementation of educational tasks later than the deadline.

Students must complete all learning tasks on time. A student who has not completed a certain number of educational tasks on time and wants to make up for lost time, can seek help from the teacher.

More detailed information about competencies, learning outcomes, teaching methods, assessment forms, independent training is given in the Syllabus (working plan) of the educational discipline

Syllabus approved at the meeting of the Department. Protocol № 11 from 27.06.2022
