Multimedia projector, S. Kuznets PNS, Corporate Zoom system

Assessment system

The University uses a 100-point cumulative system for assessing the learning outcomes of students. Current control is carried out during lecture, practical and seminar classes and is aimed at checking the level of readiness of the student for the perform of specific job and is evaluated by the amount of

points scored:12

- for courses with a form of semester control as an exam: the maximum amount is 60 points; the minimum amount required is 35 points.

The maximum number of points that a student of higher education can receive during the examination (examination) is 40 points. The minimum amount for which the exam is considered passed is 25 points.

The final grade in the course is determined:

- for disciplines with a form of exam, the final grade is the amount of all points received during the current control and the exam grade.

During the teaching of the course "Philosophy", the following control measures are used:

Current control: – presentation of analytical reports (10 points); – written control work-colloquium (12 points); – essay (12 points); – participation in the discussion (12 points); – express survey (14 points).

Semester control: Grading including Exam (40 points).

More detailed information on assessment and grading system is given in the technological card of the course.

Course policies

Teaching of the academic discipline is based on the principles of academic integrity.

Violation of academic integrity includes academic plagiarism, fabrication, falsification, cheating, deception, bribery, and biased assessment.

Education seekers may be brought to the following academic responsibility for breach of academic integrity: repeated assessment of the corresponding type of learning activity.

More detailed information about competencies, learning outcomes, teaching methods, assessment forms, self-study is given in the Course program
